| <p>State of New York: »Looking for a few electrically sensitive people for a months stay on a Pa- (near NYS)- large, out of the way farmhouse-. Need a car, and maybe do chores- some cost- only singles- not couples/children. RESPONSIBLE= EMAIL ME: sandyows@aol.com. One month, maybe longer ...«</p> <p>»We also need 2 or 3 others for another refuge on 36 acres- that will be shared with a few others- this is a huge refuge project where - a few will be buying the 9+ exquisite bedroom house - off the grid- each will invest about 75k to 100k- and have their own room and shared grounds with a few others. The property is in upstate NY, near the Catskills- high up on a secluded mountain top- We also are hoping to have a medical clinic on the grounds- and we're speaking to some potential physicians. We will also accept reservations for those who need to recuperate from wireless. I will</p> | | |

| <p>Grasslands National Park / Parc national des Prairies "This might be a refuge for some people during some seasons. Or even if travelling through Canada.</p> <p>Thank you for your interest in visiting Grasslands National Park. We do have wifi at the visitor centre in Val Marie, but there is no wifi service within the park itself. The cell phone service is quite limited there as well. When it comes to getting away from wifi, Grasslands is the place to be! Our campground has 24 sites, 4 are electric. It is a self registration system, you just choose a site and fill out your information on the permits and submit them in the locked boxes.</p> <p>We also allow back country camping anywhere in the park, we just ask that you hike at least 1 km off the marked trails so as not to have your campsite interrupted by other hikers and likewise. As of right now, there are fire restrictions in effect, so there is no use of camp stoves in the back country at this time. The campground has firepits that you may use if needed for cooking. We also have a bbq for use at the campground as well.</p> <p>If you have any other questions, please feel free to email or phone us at the Visitor Centre at 306-298-2257. »**Low/No EMF House available on Hornby Island** »for rent or share with owner. To book, please contact Judy Cross directly. Email: 255cross@telus.net, Phone 604 255 7551. This is what Judy said to me in an email, where she asked me to help her spread the word to the EHS community about the house she has available for rent/share on Hornby: "I fought to save the mechanical meter and there is no wi-fi in the house. People have to step outside to get a cell signal. 3 bedrooms, outdoor privy, washer dryer, wood heat with electric back-up, electric cook stove." Contact Judy for more info, including any questions about price.«
